

KALS Anthem

K...A ... L...S.... KALS
We are the Kalians...* 2

Dreaming Being
Only the beginning,
I'm in the flow
Gonna grow,
Give me a chance
I wanna dance
Let's blast it out, scream and shout.....

We've got our school, we've got the tools
We've gonna go the distance, get our ambitions,
We're gonna make a mark, out of the dark
We are the Kalians. The kalians...

K...A ... L...S.... KALS
We are the Kalians...* 2

Knowing ...emerging,
There's no ending,
Here's the groove,
Gonna move,
Ready for the top
I just can't stop
Let's blast it out, scream and shout.....

We've got our school, we've got the tools
We've gonna go the distance, get our ambitions,
We're gonna make a mark, out of the dark
We are the Kalians. The kalians...

K...A ... L...S.... KALS
We are the Kalians...*3
